

Temptation II

## 1. New Ritual: Expression of the soul Transformation projects

Transitional and transformative rituals for groups and individuals.

**NEW RITUALS** offer an exciting possibility for inspiration and transformation, a chance for growth and redefining boundaries.

**NEW RITUALS** are greatly inspired by mythological and ancient themes in which a whole spectrum of human emotions are embodied.

Discover your power and vulnerability, but also the comical, exotic and extatic side of yourself that you may have never suspected you had. Be curious about yourself and experience how it is to live with more joy, self-confidence and humour. This is a profound opportunity to make visible and explore various aspects of your being, or to break through comfortable habits.

Allow yourself a new impetus, a playful challenge, an adventure.

# PROGRAMME FOR 2009

The following themes are for group projects:

---

Kings & Queens

## 13/14 February - **The Royal Banquet**

*In co-operation with Ton van der Kroon*

Potential royalty is slumbering in every person just waiting to be discovered. We can learn to see this inner glimmer within ourselves and others and then learn to let it shine.

Kings & Queens

## 24/25 April - **The Wounded Healer**

*In co-operation with Myriam Ceriez*

This is an archetype, an ancient image that carries the essence of life itself. Those who know how to heal the wounds of life within themselves, can transform these into power. During this workshop we use rituals that enable us to heal those aspects that still need healing on a deeper level, gently and powerfully at the same time.

Banquet VIII

## 15/16 May - **The Temptation III**

A project about seduction. Who seduces whom?  
Can you remain yourself when there is distraction?

Circle I

## 3/4 July - **Circle (outdoors)**

The circle as an eternal dance, that never stops, everything turns, without beginning or end - outwards or towards the centre. Ecstasy and serenity.

'After Klimt'

## 9/10 October - **The Wounded Healer**

*In co-operation with Myriam Ceriez*

See 24/25 April.

## 13/14 November - **Banquet XI**

Theme: Surrender, lust, sharing, connection between the unconscious and conscious, masculine and feminine.
